FROM: Pamela Byrnes-O'Camb *pbo*  
SUBJECT: Resolution of Necessity for Property Interests at 10781 Poplar Street, Loma Linda, CA 92354; APN 0283-141-72 and 73

## RECOMMENDATION

Staff recommends that the Agency Board adopt the Resolution of Necessity (Attachment A) authorizing acquisition of the land and improvements.

## BACKGROUND

The City Council of the City of Loma Linda, California (the "City Council") did duly pass and adopt Ordinance No. 226 on July 16, 1980 and did thereby approve the Redevelopment Plan for the Loma Linda Redevelopment Project No. 1 (the "Redevelopment Plan") and did thereby establish the Loma Linda Redevelopment Project No. 1 ("Project No. 1"). On June 18, 1987, the City Council directed the recordation of Ordinance No. 374, adopting Loma Linda Redevelopment Project No. 2. The City Council did duly pass and adopt Ordinance No. 508 on December 13, 1994, and did thereby approve an amendment to Project No. 1. The City Council did duly pass and adopt Ordinance No. 591 on September 26, 2000 to merge Project Area 1 as amended and Project Area 2 to facilitate and coordinate the Redevelopment Agency's actions to reduce blight throughout both Project Areas ("Project Area").

The property under consideration is located at 10781 Poplar Street, Loma Linda, CA 92354; APN 0283-141-72 and 73 ("Property") and is necessary to the Project Area because it will assist in the implementation of the Redevelopment Plan.

## ANALYSIS

The purpose of the hearing is to give each person whose property is to be acquired by eminent domain and whose name and address appears on the last equalized county assessment roll an opportunity to appear and be heard concerning matters referred to in Code of Civil Procedure Section 1240.030, specifically:

- (a) Whether the public interest and necessity require the project;
- (b) Whether the project is planned and located in the manner that would be most compatible with the greatest public good and the least private injury; and

- (c) Whether the property sought to be acquired (which is described herein) is necessary for the project; and
- (d) Whether the offer required by section 7267.2 (a) of the Government Code has been made to the owner or owners of record.

The purpose and objectives of the Agency's Redevelopment Plan are to eliminate the conditions of blight and to prevent the recurrence of blighting conditions within the Project Area. The Agency proposes to eliminate such conditions and prevent their recurrence by providing, pursuant to the Redevelopment Plan, for the planning, development, replanning, redesign, clearance, redevelopment, reconstruction and rehabilitation of the Project Area and by providing for such structures and spaces as may be appropriate or necessary in the interest of the general welfare, including without limitation, recreational and other facilities incidental or appurtenant to them. The Agency further proposes to eliminate the conditions of blight still existing in the Project Area and prevent their recurrence by providing for the alteration, improvement, modernization, reconstruction or rehabilitation of existing structures in the Project Area and by providing for open space types of uses, public and private buildings, structures, facilities, and improvements. The Agency further proposes to eliminate such conditions and prevent their recurrence by providing for acquisition, construction or rehabilitation of housing for low and moderate income families, including without limitation seniors and handicapped persons.

The Redevelopment Plan states that Agency may purchase, lease, obtain option upon or otherwise acquire any interest in real property by gift, devise, exchange, purchase, or any other means authorized by law, including the use of eminent domain for the purpose of redevelopment.

The property is located in the northwest quadrant of the City. The property has a land area of approximately 8,625 square feet, and is vacant.

The Agency hired an independent appraiser to determine the fair market value of the property. Once the independent appraiser determined the fair market value, the Agency offered the full appraised value to the property owners, Capital Resources III and Steven Peters, as required by Government Code section 7267.2 on January 19, 2006.

Here, the public interest and necessity require the property for the rehabilitation of the Project Area. The taking of the property is planned and located in a manner consistent with the greatest public good and least private injury and is necessary to further the Agency's goals and objectives, specifically to eliminate blight and blighting conditions.

On February 9, 2006, the Agency gave notice to the owners of the Property of the hearing on the Resolution of Necessity to be held on February 28, 2006.

#### **ALTERNATIVE TO STAFF RECOMMENDATION:**

1. Do not adopt the Resolution of Necessity.

#### **FINANCIAL IMPACT:**
